SAILING AS IT SHOULD BE

Entice catamarans offer outstanding sailing performance whilst providing a comfortable and stable ride. The huge foredeck is perfect for relaxing while under sail. The aft deck is protected from the weather, so you can escape the elements without having to move indoors. The saloon features large panoramic windows allowing you to enjoy the views while feasting on the fabulous creations served up from the galley. For easy access to the water, each hull has wide steps leading right down to the ocean.

BEST LOCATIONS – WITHOUT THE CROWDS

Our small group numbers allow us to visit pristine locations within the marine park, seeing the best of the islands whilst avoiding the crowds. The Whitsundays provide many amazing snorkelling locations. The most abundant marine life is close to the surface, so all you need to do is put on a mask and snorkel to be amazed by the underwater world. Each tour also visits Whitehaven Beach. At night the boat will be safely anchored in a calm bay allowing you time to socialise or just relax under the stars of the southern sky.

MORE WAYS TO EXPLORE THE WHITSUNDAYS

On Ice carries an array of the latest water sports equipment. There is no better way to explore a serene Whitsunday bay than on a paddle board. Standing up gives you a superior perspective allowing you to see fish turtles, the contours of the reef or eagles soaring above. Our amazing clear bottom kayak acts as a window to the watery world below. Add the Bond factor to your trip with the latest underwater sea scooter and glide effortlessly through the water like the legendary secret agent.
